Item 4: Grant of Performance Rights to Scott Wyatt under the Company's Long Term Incentive Plan

The Company has in place a Long Term Incentive Plan (LTIP), which forms a key part of its executive remuneration framework.

Under the LTIP, the Company proposes to grant Performance Rights to certain eligible employees for 2024, including Scott Wyatt, the Company's Chief Executive Officer and Managing Director.

The Company has chosen to grant Performance Rights under the LTIP to assist in the motivation, retention and reward of eligible employees, and to align the interests of those employees with the interests of shareholders by providing an opportunity for those employees to receive an equity interest in the Company.

Key terms of the 2024 LTIP offer

The key terms of the LTIP offer to Scott Wyatt for 2024 are outlined in the table below.

Topic	Summary
Performance Rights	<p>Each Performance Right entitles Scott Wyatt to acquire one ordinary share for nil consideration following the end of the performance period, subject to the Performance Right vesting following the testing of the performance conditions and Mr Wyatt electing to exercise the vested Performance Right. However, the Board retains discretion to make a cash payment on exercise of the Performance Rights in lieu of an allocation of ordinary shares.</p> <p>If the grant of Performance Rights is approved by shareholders, the Performance Rights are expected to be granted shortly after the AGM (and in any event within 12 months of the AGM) at no cost to Mr Wyatt.</p>
Number of Performance Rights proposed to be granted to Scott Wyatt	<p>798,270 Performance Rights.</p> <p>That number was determined by dividing \$2,400,000, being Scott Wyatt's maximum opportunity under the LTIP for 2024, by \$3.0065, being the volume weighted average price of the Company's shares traded on the ASX during the period from 1 January 2023 to 31 December 2023, rounded down to the nearest whole number.</p> <p>The number of Performance Rights that ultimately vest will depend on the extent to which the performance conditions outlined below have been satisfied over the performance period.</p>
Performance period	<p>The performance period is three years and will run from 1 January 2024 to 31 December 2026.</p>

Topic**Summary****Performance conditions and testing**

The Performance Rights will be subject to four performance conditions:

- 45% of the Performance Rights will be subject to a performance condition based on the Company's total shareholder return (TSR) over the performance period, relative to the performance of a comparator group, being entities in the ASX 200 index ranked 50th to 150th by market capitalisation (TSR Comparator Group) (rTSR Component);
- 20% of the Performance Rights will be subject to a performance condition based on the Company's cumulative FCF (RC) per share (FCF per share) over the performance period (FCF Component);
- 20% of the Performance Rights will be subject to a performance condition based on the Company's average annual return on capital employed (RC) (ROCE) for each year of the performance period (ROCE Component); and
- 15% of the Performance Rights will be subject to a performance condition based on performance against agreed strategic measures over the performance period (Strategic Component).

Replacement cost (RC) methodology is used in calculating financial measures, in order to provide a truer reflection of the Company's underlying performance. This approach removes the impact of net inventory gain/(loss) caused by fluctuations in crude oil prices and foreign currency exchange rates. The Board considers that the use of RC methodology is appropriate, and provides a suitable balance with the rTSR Component and the Strategic Component.

rTSR Component (45%)

The percentage of Performance Rights comprising the rTSR Component that vest, if any, will be based on the Company's TSR ranking relative to the TSR Comparator Group over the performance period, as set out in the following vesting schedule:

Company's TSR ranking relative to the TSR Comparator Group	% of rTSR Component that vest
Less than 50th percentile	Nil
At 50th percentile	50%
At 75th percentile or above	100%

* Straight line pro-rata vesting for performance between 50th and 75th percentile.

FCF Component (20%)

The percentage of Performance Rights comprising the FCF Component that vest, if any, will be determined at the end of the performance period by reference to the following vesting schedule:

Company's cumulative FCF per share over the performance period	% of FCF Component that vest
Less than target FCF per share performance	Nil
At target FCF per share performance	50%
At or above stretch FCF per share performance	100%

* Straight line pro-rata vesting for performance between target and stretch.

ROCE Component (20%)

The percentage of Performance Rights comprising the ROCE Component that vest, if any, will be determined over the performance period by reference to the following vesting schedule:

Company's average ROCE over the performance period	% of ROCE Component that vest
Less than target ROCE performance	Nil
At target ROCE performance	50%
At or above stretch ROCE performance	100%

* Straight line pro-rata vesting for performance between target and stretch.

Topic	Summary										
Performance conditions and testing <i>continued</i>	<p>Strategic Component (15%)</p> <p>The objectives that underpin the Strategic Component of the LTIP continue to align with our strategy to develop new energy and non-energy growth pathways to create long-term value for our shareholders, and are also aligned to the growth ambitions outlined at the 2023 Investor Day. The agreed strategic objectives for the 2024 LTIP are:</p> <ul style="list-style-type: none"> • establish an integrated convenience business (bringing together Coles Express, OTR and Liberty Oil Convenience), delivering C&M earnings uplift in-line with 5 year aspirations disclosed at the 2023 Investor Day; • deliver C&I earnings uplift, including non-fuel earnings, in-line with the 5 year aspirations disclosed at the 2023 Investor Day; • develop the Energy Hub at Geelong and determine a long-term transition for the Geelong refinery; • develop and deliver projects to achieve the Company's emission reduction targets and make meaningful progress on the Company's new energies and lower carbon agenda. <p>Performance against the Strategic Component will be assessed at the end of the performance period, based on performance against specific strategic and operational initiatives, progress in reducing emissions, as well as financial targets aligned with the 2023 Investor Day ambitions.</p> <p>The percentage of Performance Rights comprising the Strategic Component that vest, if any, will be determined over the performance period by reference to the following vesting schedule:</p> <table border="1"> <thead> <tr> <th>Company's performance over the performance period</th> <th>% of Strategic Component that vest</th> </tr> </thead> <tbody> <tr> <td>Less than threshold performance</td> <td>Nil</td> </tr> <tr> <td>At threshold performance</td> <td>33%</td> </tr> <tr> <td>At target performance</td> <td>66%</td> </tr> <tr> <td>At or above stretch performance</td> <td>100%</td> </tr> </tbody> </table> <p>* Straight line pro-rata vesting for performance between threshold, target and stretch.</p>	Company's performance over the performance period	% of Strategic Component that vest	Less than threshold performance	Nil	At threshold performance	33%	At target performance	66%	At or above stretch performance	100%
Company's performance over the performance period	% of Strategic Component that vest										
Less than threshold performance	Nil										
At threshold performance	33%										
At target performance	66%										
At or above stretch performance	100%										
Disclosure of FCF, ROCE and strategic hurdles	<p>Target and stretch levels of performance for FCF and ROCE Components have been set by the Board.</p> <p>The Board considers the actual levels at which our FCF and ROCE targets are set to be commercially sensitive as disclosure of them could potentially indicate the Company's margins and, as such, jeopardise the Company's competitive position. Therefore, those levels will not be disclosed during the performance period.</p> <p>However, the Board will provide full details of the vesting outcomes in connection with these components of the 2024 LTIP, including the levels set at the beginning of the performance period, following completion of the performance period. The target and stretch levels, the actual achievement against those levels and the vesting outcomes will be detailed in the Remuneration Report for the year in which the 2024 LTIP is tested.</p> <p>The specific initiatives and targets comprising the Strategic Component have been set by the Board. The Board considers some of these initiatives and targets to be commercially sensitive and accordingly, disclosure of these at this point could be potentially prejudicial to the interests of the Company. Performance against the Strategic Component and the vesting outcomes achieved (including the rationale for the vesting outcomes) will be disclosed after the end of the performance period in the Remuneration Report for the year in which the 2024 LTIP is tested.</p>										
Rationale for choosing these performance conditions	<p>The Board determined these metrics to be the most appropriate performance conditions for the LTIP at this stage of the Company's lifecycle because TSR creates a strong alignment between LTIP outcomes and the experience of shareholders, FCF and ROCE performance at or above target should result in growth in shareholder returns over the period and the strategic objectives reward progress against tangible milestones that are critical to our long-term success and value creation.</p>										
Retesting	<p>None. The performance conditions will not be retested if they are not satisfied following the end of the performance period. Any Performance Rights that remain unvested once the performance conditions have been tested will lapse immediately.</p>										
Voting and dividend entitlements	<p>The Performance Rights do not carry voting or dividend rights before vesting and exercise.</p>										
Restrictions on dealing	<p>Scott Wyatt will not be able to sell, transfer, encumber or otherwise deal with the Performance Rights unless the Board allows it or the dealing is required by law. Additionally, in no circumstances will Mr Wyatt be able to hedge or otherwise affect his economic exposure to the Performance Rights before they vest.</p> <p>Scott Wyatt will be free to deal with any ordinary shares allocated on vesting and exercise of the Performance Rights, subject to the requirements of the Company's Securities Trading Policy.</p>										

Topic	Summary
Exercise	Scott Wyatt will be able to exercise any vested Performance Rights during certain defined exercise periods. The exercise periods will be the first two weeks commencing the business day following the release of the Company's half year results, full year results, first quarter update or third quarter update for any period ending on or before 1 January 2030, or such other periods determined by the Board.
Cessation of employment	<p>Unless the Board determines otherwise, if Scott Wyatt ceases to be employed by the Company or its subsidiaries (Group) while he holds unvested Performance Rights and is:</p> <ul style="list-style-type: none"> • a 'Good Leaver', a pro-rata number of his unvested Performance Rights will lapse when he ceases employment (based on the proportion of the performance period remaining when he ceases employment); or • is not a 'Good Leaver', all his unvested Performance Rights will lapse. <p>Generally, Scott Wyatt will be a 'Good Leaver' unless his employment with the Group is terminated for cause or he resigns.</p> <p>If Scott Wyatt ceases to be employed by the Group while holding vested Performance Rights or his Performance Rights vest after he ceases employment with the Group, he will have a reduced time in which to exercise those vested Performance Rights.</p>
Change of control	The Board may determine in its absolute discretion that all or a specified number of Performance Rights will vest on a change of control of the Company.
Clawback and malus	<p>The Board has clawback and malus powers under the terms of the LTIP if, among other things:</p> <ul style="list-style-type: none"> • Scott Wyatt has acted fraudulently or dishonestly, is in material breach of his obligations to the Group, has engaged in negligence or gross misconduct, brought a member of the Group into disrepute, has been convicted of an offence or has a judgment entered against him in connection with the affairs of the Group; • Scott Wyatt has made a material misstatement on behalf of a member of the Group or there is a material misstatement or omission in the financial statements of the Group; or • the Performance Rights vest or may vest as a result of the fraud, dishonesty, negligence or breach of obligations of any other person, and the Board is of the opinion that the Performance Rights would not have otherwise vested.

Shareholder approval

ASX Listing Rule 10.14 requires shareholder approval to be obtained before equity securities (such as the Performance Rights) are granted to a director under an employee incentive scheme (such as the LTIP). Therefore, approval is being sought to grant the Performance Rights to Scott Wyatt, the Company's Chief Executive Officer and Managing Director.

If shareholder approval is obtained, the Company will proceed to grant Scott Wyatt the Performance Rights described above.

If shareholder approval is not obtained, the Company will not be able to grant Scott Wyatt the Performance Rights and it is intended that his 2024 long term incentive award will be provided in cash (subject to the same performance conditions as set out in this Notice of Meeting).

2024 remuneration arrangements

Scott Wyatt's remuneration package for the 2024 financial year is outlined in the Company's 2023 Remuneration Report and consists of:

- fixed remuneration of \$1,600,000;
- a maximum long term incentive (LTI) opportunity of 150% of Scott Wyatt's fixed remuneration, which is \$2,400,000; and
- a maximum short term incentive (STI) opportunity of 145% of Scott Wyatt's fixed remuneration, which is \$2,320,000.

Further details on the above, as well as details of Scott Wyatt's 2023 remuneration, are outlined in the Company's 2023 Remuneration Report.

Other information required by the ASX Listing Rules

Scott Wyatt is a Director of the Company and as such falls within ASX Listing Rule 10.14.1. He is the only Director eligible to participate in the LTIP.

No loan has been or will be made available to Scott Wyatt by the Company in relation to the Performance Rights.

The value attributed by the Company to the Performance Rights proposed to be granted to Scott Wyatt under the LTIP for 2024 is \$2,400,000, which is the dollar amount of his maximum opportunity under the LTIP. The value Mr Wyatt actually receives from the grant will depend on the number of Performance Rights that vest (if any) and the value of the Company's shares at that time.

The following Performance Rights were granted to Scott Wyatt under the LTIP in prior years (all granted at no cost to Mr Wyatt):

Date granted	No. of Performance Rights	Scheme details	Further details
25 May 2023	832,892	2023 LTIP

Recommendation

The Board (other than Scott Wyatt) recommends that shareholders vote in favour of this item.

Item 5: Financial Assistance

5.1 Background

The Company is party to a syndicated facility agreement originally dated 26 March 2018 as amended and/or restated from time to time, including most recently on 7 December 2023 and entered into with a syndicate of lenders (**Existing Facility Agreement**).

On 28 March 2024, the Company announced that it completed its acquisition of the OTR Group under which:

- Viva Energy Retail (an indirect wholly-owned subsidiary of the Company) acquired 100% of the shares in each OTR Target Entity (except Vape Square Online) pursuant to the terms of the Share Sale Deed; and
- Viva Energy Retail SMGB (an indirect wholly-owned subsidiary of the Company) acquired the OTR Target Business, including 100% of the shares in Vape Square Online, pursuant to the terms of the Business Sale Agreement (together, the **Acquisition**).

In order to help fund the Acquisition, Viva Energy Retail entered into a syndicated facility agreement dated 6 December 2023 with a separate syndicate of lenders

(**New Facility Agreement**). The Company and the Viva Entities are guarantors under each of the Existing Facility Agreement and the New Facility Agreement.

Completion of the Acquisition occurred on 28 March 2024. The Acquisition was partly funded via drawdowns made under both the Existing Facility Agreement and the New Facility Agreement. The Company is now the Ultimate Australian Holding Company (as defined below) of each OTR Target Entity.

It is proposed that certain OTR Target Entities will become guarantors under each Facility Agreement. The guarantees proposed to be given by the OTR Target Entities under each Facility Agreement, together with those already given by the Viva Entities under the Existing Facility Agreement and under the New Facility Agreement respectively, will guarantee obligations of the Viva Group and the OTR Target Entities under each Facility Agreement.

5.2 Shareholder approval of Financial Assistance

Under section 260A(1) of the Corporations Act, a company may financially assist a person to acquire shares (or units of shares) in the company or a holding company of the company only if:

- giving the assistance does not materially prejudice:
 - the interests of the company or its shareholders; or
 - the company's ability to pay its creditors;
- the assistance is approved by shareholders under section 260B of the Corporations Act; or
- the assistance is exempted under section 260C of the Corporations Act.

Under section 260B(2) of the Corporations Act, if immediately after the acquisition, the company providing the financial assistance will have an Australian listed holding company, the financial assistance must also be approved by a special resolution of the shareholders of that holding company (**Ultimate Australian Holding Company**).

As the Company is now the Australian listed holding company of the OTR Target Entities following completion of the Acquisition, Shareholders are being asked to approve (via a special resolution) the OTR Target Entities becoming guarantors under each Facility Agreement, as required by section 260B(2) of the Corporations Act. The shareholders of each OTR Target Entity will also be asked to approve the relevant entity becoming a guarantor under each Facility Agreement, as required under section 260B(1) of the Corporations Act.

In light of the conservative view taken with respect to the application of the 'no material prejudice' test in section 260A(1)(a) of the Corporations Act (*Connective Services Pty Ltd v Sleat Pty Ltd* [2019] HCA 33) and the similarly conservative approach taken by most secured lenders and some of their advisers, market practice is not to rely on that limb unless absolutely essential. In addition, the statutory exceptions listed in section 260A(1)(c) of the Corporations Act are not applicable to the Financial Assistance proposed to be provided in connection with the Acquisition.

5.3 Financial Assistance by the OTR Target Entities

Under the terms of each Facility Agreement, the Company is required to ensure that certain OTR Target Entities accede to the relevant Facility Agreement as guarantors in order to comply with certain prescribed earnings and assets tests under the Facility Agreements. In order to comply with its obligations under each Facility Agreement, the Company now seeks to obtain all necessary approvals for the OTR Target Entities to accede as guarantors for the purposes of each Facility Agreement.

The accession by the OTR Target Entities to each Facility Agreement, together with any other transaction listed or contemplated in section 5.4 (*Effect of becoming guarantors*) below (together, the **Financial Assistance**) will have the effect of each OTR Target Entity financially assisting the acquisition of its own shares or shares in its holding company for the purposes of section 260A of the Corporations Act. The purpose of this item is to seek the necessary approval required under section 260B(2) of the Corporations Act in approving the Financial Assistance.

5.4 Effect of becoming guarantors

The requirement for the OTR Target Entities to become guarantors under each Facility Agreement is considered customary and consistent with market practice for financing transactions of this nature. The substantial effect of becoming guarantors under each Facility Agreement is that the OTR Target Entities will jointly, in common with the Viva Entities, guarantee all amounts payable under each Facility Agreement (on a cross guarantee and indemnity basis). Restrictions might also be placed on the operations of the OTR Target Entities by virtue of the representations and undertakings given by the guarantors in each Facility Agreement.

Becoming guarantors should not, in and of itself, materially prejudice the interests of the OTR Target Entities or the members of the Company or the ability of any OTR Target Entity to pay its creditors because the liability to the lenders under the Existing Facility Agreement and the New Facility Agreement will be a contingent rather than an actual liability. Given the financing structure, the form of the guarantee to be provided by the OTR Target Entities will be on substantially the same terms as the guarantees already provided by the Viva Entities under the terms of the Existing Facility Agreement and the New Facility Agreement. Nevertheless, if a default was to occur under the Existing Facility Agreement or the New Facility Agreement (including as a result of the failure to pay principal or interest or otherwise comply with any undertakings), the respective lender(s) would be entitled to enforce the guarantees against the OTR Target Entities.

Any such enforcement action would materially prejudice the interests of the OTR Target Entities, and the members of the Company and might have a negative impact on the financial position of each OTR Target Entity and its ability to pay its creditors because its cash reserves would be diminished by the amount claimed. In addition, enforcement of the guarantees might trigger cross-default provisions in other financing arrangements and permit other contract counterparties to terminate those contracts, which could materially prejudice the interests of the OTR Target Entities.

In addition to becoming guarantors under each Facility Agreement, the OTR Target Entities may, or may be required to:

- (a) execute, or accede or consent to, any instrument referred to in, or incidental or related to, a Facility Agreement (including any guarantor accession deed), and including any document to be entered into at any time for the purpose of amending, varying, replacing, restating, refinancing, novating or supplementing such instruments;
- (b) subordinate its intercompany claims (if any);
- (c) transfer assets to, or assume other liabilities of, the Company or other Viva Entities;
- (d) make available, directly or indirectly, its cash flows or other resources in order to enable the Company and its subsidiaries to comply with their obligations under the Existing Facility Agreement, the New Facility Agreement and related finance documents under each of those Facility Agreements; or
- (e) provide additional support (which may include giving new guarantees and incurring additional obligations such as granting negative pledges and undertakings not to acquire or dispose of certain assets) in connection with the Existing Facility Agreement, the New Facility Agreement and related finance documents under each of those Facility Agreements, including in connection with any refinancing of amounts owing under or in respect of those documents or any replacement finance documents which replace the Existing Facility Agreement and/or the New Facility Agreement.

5.5 Reasons for giving the Financial Assistance

The principal advantage to the Company (and, indirectly, the OTR Target Entities and the Viva Entities) in providing the Financial Assistance is that the OTR Target Entities and the Viva Entities will have the benefit of the corporate debt facilities made available or to be made available under the Existing Facility Agreement and the New Facility Agreement (or any future facilities refinancing those facilities) and the Company will continue to be in compliance with its obligations required under each Facility Agreement. In addition, the advantages for each OTR Target Entity in giving the Financial Assistance and acceding to each Facility Agreement, is that they may benefit from:

- (a) in the case of each OTR Target Entity, repayment of certain of the existing debt facilities of each OTR Target Entity;
- (b) synergies and cost savings through their integration with the Viva Group; and
- (c) capital resources and management expertise of the Viva Group, while retaining existing expertise and knowledge in the industry in which they operate.

If this item is not passed and the OTR Target Entities do not accede to each Facility Agreement as guarantors within the agreed timeframes, an event of default under each Facility Agreement will occur. This would enable the lenders to, among other things, cancel the commitments under each Facility Agreement and declare all or any loans provided by them as being immediately due and payable.

5.6 Information given

Shareholders have been informed of the above matters in accordance with section 260B(4) of the Corporations Act. The Directors consider that this Explanatory note contains all material information known to the Company that could reasonably be required by Shareholders in deciding how to vote on this item, other than information which would be unreasonable to include because it had previously been disclosed to shareholders.

Copies of the Notice of Meeting and this Explanatory note were lodged with ASIC before being sent to the Shareholders, in accordance with section 260B(5) of the Corporations Act.

The directors of each OTR Target Entity will unanimously agree to approve the giving of the Financial Assistance by each OTR Target Entity, subject to the necessary shareholder approvals being obtained, including approval by the Shareholders in accordance with section 260B(2) of the Corporations Act by the passing of this item.

5.7 Recommendation

To appoint a second proxy you must:
