

Corporate Governance Statement 2025

Corporate Governance Statement 2025

Overview

The Board of Viva Energy Group Limited (Company) is committed to maintaining an appropriate environment of corporate governance that promotes responsible management and conduct by our Directors, officers and employees, and that of the Company.

This statement outlines our principal governance arrangements and practices.

During the year ended 31 December 2025 (reporting period), Viva Energy’s corporate governance arrangements and practices complied with the 4th edition of the ASX Corporate Governance Principles and Recommendations.

Governance

References in this statement to ‘Viva Energy’ or ‘Viva Energy Group’ are references to the Company and all group subsidiaries. The Company’s retail organisation, which operates the Convenience and Mobility business, is referred to as Viva Energy Retail in this statement. The Company excluding Viva Energy Retail is referred to in this statement as Viva Energy Australia.

This statement is current as at 24 February 2026 and has been approved by the Board.

The governance documents referred to in this statement are available on our website at www.vivaenergy.com.au.

Corporate Governance Statement 2025

Instil a culture of acting lawfully, ethically and responsibly

Viva Energy is committed to observing the highest standard of corporate practice. Our Values: **Integrity, Responsibility, Curiosity, Commitment, and Respect**, reflect what Viva Energy stands for, underpinning our Business Principles, and the expected behaviours and conduct of our people.

The governance policies summarised below are available on our website at www.vivaenergy.com.au.

Business Principles and Code of Conduct

Viva Energy has long-standing Business Principles that reflect our core Values and guide the conduct and operations of our businesses. We also have a Code of Conduct, which outlines how we expect our employees, officers and Directors to behave and conduct themselves in the workplace.

The Code of Conduct is designed to:

- foster ethical and professional behaviour throughout Viva Energy;
- promote a fair, safe and productive environment, and equal opportunity for all employees;
- ensure that the Company complies with laws and regulations that apply to it;
- ensure that there is an appropriate mechanism for employees to report conduct which breaches the Code of Conduct; and
- ensure that employees are aware of the consequences they face should they breach the Code of Conduct.

The Business Principles and Code of Conduct includes our expectations regarding the prevention of sexual and other forms of harassment by reference to the Prevention of Sexual Harassment in the Workplace Policy. It also sets out that everyone has the responsibility to safeguard information and corporate assets.

We promote a culture underpinned by our Values. Our Code of Conduct also outlines our commitment to providing a fair, safe and productive environment for everyone, free from bullying, harassment, sexual harassment and discrimination.

The Board will be promptly informed of any material breaches of the Code of Conduct by a Director or senior executive and any other material breaches of the Code of Conduct that calls into question our culture.

Responsible Sourcing Policy and Supplier Code of Conduct

Viva Energy acknowledges the importance of conducting business with partners who share the same values as our own, and we recognise our risk profile evolves as our business evolves.

The Responsible Sourcing Policy and Supplier Code of Conduct confirms our commitments across key areas of Business Integrity, health, safety, security, environment (HSSE), Respect for People, Community and First Nations, Product Safety & Quality and Sustainability. We seek to engage with suppliers who demonstrate similar commitments and can help us promote the conduct of our business as responsible members of society.

Anti-Bribery and Corruption Policy

The Board has adopted an Anti-Bribery and Corruption Policy which sets out the responsibilities of Viva Energy and its employees or other personnel or representatives in observing and upholding the prohibition on bribery and related improper conduct. We also provide training on how to recognise and deal with instances of bribery and corruption.

The Board will be informed of any material breaches of the Anti-Bribery and Corruption Policy.

Whistleblower Policy

The Board has adopted a Whistleblower Policy to encourage Viva Energy's employees, suppliers, contractors and other eligible persons to raise and report instances of alleged misconduct where there are reasonable grounds to suspect such conduct, without fear of intimidation, disadvantage or reprisal.

The Board will be informed of any material concerns raised under the Whistleblower Policy, including those that call into question our culture.

Securities Trading Policy

The Board has adopted a Securities Trading Policy. The policy outlines the restrictions in relation to dealing in securities while in possession of inside information. The policy sets out the process for obtaining clearance to deal by persons classified as designated persons (Directors, senior management and other persons classified as designated persons) under the policy, and imposes the following additional restrictions:

- subject to limited exceptions, designated persons are prohibited from trading in the Company's securities outside of Trading Windows (ie, during closed periods);
- short-term or speculative trading in the Company's securities by designated persons is prohibited;
- derivative and hedging arrangements by designated persons in relation to any unvested securities in the Company or securities subject to a holding lock are prohibited; and
- entering into margin lending arrangements in connection with the Company's securities by designated persons is prohibited.

Other policies

Other key corporate governance policies including Viva Energy's Disclosure Policy, Shareholder Communications Policy and Inclusion and Diversity Policy are discussed in detail in subsequent sections of this statement. Copies of these policies are also available on the Company's website.

Corporate Governance Statement 2025

Lay solid foundations for management and oversight

Role of the Board

The Board is accountable to shareholders for the Company's performance.

The Board has adopted the Board Charter to provide a framework for the effective operation of the Board.

The Board Charter sets out the composition, role and responsibilities of the Board and the authority delegated by the Board to the Company's Managing Director & CEO and Board Committees.

The Board's role is to provide strategic guidance and effective oversight of management performance in implementing the Company's strategies, business plans and Values. The Board has reserved for itself certain matters as set out in the Board Charter. These include:

- defining the Company's purpose and approving the Company's strategies, budgets, major capital expenditure and business plans;
- appointing the CEO and other members of senior management, and evaluating their performance; and
- overseeing management in its implementation of the Company's business model, achievement of the Company's strategic objectives and instilling the Company's Values generally.

During the reporting period, the Board reviewed and updated its Charter to reflect the dissolution of the Board Strategy and Investment Committee and the establishment of the Board's Energy and Retail Committees, which took effect in June 2025. Relevant strategic and investment functions were absorbed back into the Board remit or delegated to the Energy and Retail Committees, where appropriate.

Details regarding the:

- current composition of the Board including information regarding the qualifications and experience, and length of service of all Directors; and
- number of meetings held by the Board and each Committee, and attendance at those meetings by Directors who held office during the reporting period,

is set out in the Directors' Report contained in the 2025 Annual Report.

A copy of the Board Charter is available on our website at www.vivaenergy.com.au.

Role and composition of the Board Committees

To assist in the discharge of its responsibilities, the Board has established the following Board Committees:

- Audit and Risk Committee
- Remuneration and Nomination Committee
- Sustainability Committee
- Retail Committee
- Energy Committee

The restructure of the Board Committees during the reporting period reflects the enhanced strategic focus by the Board at a time of significant transformation and investment in the business, and execution against strategic plans.

Board Committees have responsibility over matters as set out in their respective Charters, which are available on our website at www.vivaenergy.com.au. Each Committee is accountable to the Board for its performance and regularly reports to the Board on all matters relevant to the Committee's role and responsibilities.

The Board has also established an Independent Board Committee (IBC) to consider any conflict matters that may arise in connection with the Gas Terminal Project at the Geelong Energy Hub.

The Board and Committee Charters were reviewed during the reporting period. A summary of the responsibilities and membership of each Board Committee during the reporting period is set out over page.

The Board periodically reviews membership of its Board Committees to ensure the composition of each Committee remains appropriate.

Attendance at meetings

During 2025, Board meetings were a mix of face to face, virtual and hybrid formats. Face to face meetings were coupled with site visits and stakeholder engagement events to provide Directors with the opportunity to interact with the broader team. Details of attendance by our Directors at Board, and Board Committee, meetings held during the reporting period are included in the Directors' Report (at page 95), which forms part of our 2025 Annual Report.

Directors have a standing invitation to attend meetings of the Board Committees of which they are not members.

All Directors receive copies of the agenda, minutes and papers of each Board Committee.

For the avoidance of doubt, Directors who are executives of Vitol entities (ie, Dat Duong, Mark Chung and former Director Michael Muller) do not attend the meetings of the IBC and the provision of the Committee materials is governed by the Related Party Protocol. Furthermore they do not participate in the deliberations or decisions relating to matters that may give rise to a potential or actual conflict.

Delegation to management

The CEO is responsible for managing the Company and its business within levels of authority specified by the Board. The scope of the delegated authority to the CEO is documented in our delegations of authority register.

The CEO may delegate aspects of his authority and power to the management team, but remains accountable to the Board for the Company's performance.

The CEO reports to the Board at regular Board meetings.

Appointment, election and induction of new Directors

We undertake appropriate background checks before appointing a new Director. During the reporting period, each of John Joyce and Mark Chung were elected as Directors and appropriate checks were undertaken prior to their appointment.

We held our 2025 Annual General Meeting (AGM) on 20 May 2025. At the AGM, two Directors retired and were re-elected, and one Director was elected in accordance with the Company's constitution. The Notice of AGM included information on each Director standing for election or re-election (as the case may be), including information on the Director's background and experience and any other information relevant to the decision to re-elect them.

We have a written agreement with each Director setting out the terms of their appointment.

Our induction program for new Directors focuses on ensuring that Directors gain an understanding of the Company's business, risks, operational issues, corporate structure and values, and that Directors are able to participate actively in the Board process soon after joining the Board. New Directors joining the Board receive all documents and materials necessary to enable them to understand the Company's business and its financial position. New Directors also meet with senior management and visit the Company's assets.

This induction process was followed for John Joyce and Mark Chung who joined the Board during the reporting period.

Professional development

As part of regular scheduled Board and Committee meetings, Directors are provided with papers and briefings on the business and issues that may impact the business, including updates on relevant laws, reporting and accounting standards and governance developments. Briefings are provided by management as well as by external experts. These sessions are designed to provide Directors with knowledge and ongoing development to support them in performing their role.

In addition to this, Directors regularly undertake site visits.

Role of the Company Secretary

The Company Secretary is responsible for the day-to-day operations of the company secretariat, including the administration of Board and Board Committee meetings and supporting the effectiveness of the Board through the oversight of Board-related processes.

Pursuant to the Board Charter, the Company Secretary is accountable to the Board (through the Board Chair) on all matters to do with the proper functioning of the Board.

Inclusion and diversity

We value inclusion and diversity and the benefits it brings to Viva Energy.

We believe that genuine diversity of skills, backgrounds and experiences drives strategic advantage, creates opportunities for innovation and contributes to the achievement of our corporate objectives, which underpins the commitments outlined in our Inclusion and Diversity Policy.

Viva Energy is committed to continually improving its inclusive culture so that everyone within the business can thrive, and maintains a focus on improving the representation of women in the workforce, particularly in non-traditional areas. The Board sets measurable objectives for achieving gender diversity in the composition of its Board, senior executives and across the workforce, and regularly assesses the progress towards achieving these objectives. The gender diversity targets adopted by the Company and the progress made towards achieving these targets in 2025 are set out in the Sustainability Report which forms part of the 2025 Annual Report.

During the reporting period:

- we continued to realise the success from our award-winning Graduate Program which plays a key role in supporting our gender equality strategy and future aspirations, which includes:
 - since inception in 2022, 63% of graduates have been women; and
 - between 2022 and 2025, we achieved a balanced 50/50 gender split among engineering graduates, increasing to 59% female representation with the commencement of our 2026 cohort;
- we continued to advance gender diversity within our aviation operations, resulting in a 35% year on year increase of women in these critical front line roles; and
- we continued to remove barriers to entry and adopt a strategic approach to talent acquisition, including leveraging external recruitment platforms to identify and engage candidates early and maintain a robust pipeline of female candidates for suitable future opportunities. By nurturing relationships with prospective employees over time, we were able to successfully place women into positions that have traditionally been dominated by men, further strengthening our commitment to inclusive operational roles.

Viva Energy Australia is proud to be recognised as an Employer of Choice for Gender Equality by the Workplace Gender Equity Agency (WGEA) and we have now held this award for eight consecutive years. During the reporting period, Viva Energy Retail (excluding OTR) was also recognised as an Employer of Choice for Gender Equality by WGEA.

In support of women working in the supply chain business, the Company continued its membership of the National Network for Women in Operations (NAWO), which includes a mentoring program offered to women in Supply Chain, and at the Geelong Refinery, who aspire to be leaders in operations.

Our Inclusion and Diversity Policy and the Company's most recent reports to the Workplace Gender Equality Agency, which set out our performance against gender equality indicators, are available on our website at www.vivaenergy.com.au.

Performance evaluation

Board

The Board recognises the value in evaluating the effectiveness of its own performance and that of its Committees, as well as the contribution of individual Directors to the effective functioning of the Board.

The Board, with the assistance of the Remuneration and Nomination Committee, regularly reviews its composition, structure and performance, its Committees and each Non-Executive Director. Additionally, each Committee is responsible for assessing its performance to confirm it is functioning effectively including achieving its responsibilities as set out in the respective Committee Charters.

During the reporting period, the Board and its Committees completed a performance evaluation which was undertaken via an internally facilitated process which included discussions at Board and Committee meetings held during the year in the context of Board composition, mix of skills, experience and diversity and Chair succession planning.

Senior executives

Under the Board Charter, the Board is required to review the performance of senior management for each reporting period.

We have a written agreement with the CEO and with each other member of the Executive Leadership Team (ELT) setting out the terms of their employment.

The CEO and each other member of the ELT are subject to performance evaluation annually. This process is led by the Chair of the Remuneration and Nomination Committee for the CEO and, for the other members of the ELT, the process is led by the CEO with outcomes reported to the Remuneration and Nomination Committee. At the commencement of the year, safety, environment, social and governance (ESG), individual, strategic, and financial objectives for the year are agreed and opportunities for development are identified. This forms the part of the executive's short term incentive (STI) scorecard, which is approved by the Board. Performance against these objectives is reviewed and measured after the end of each financial year with outcomes reported in the Company's Remuneration Report which is contained in the Annual Report.

Performance evaluation of the CEO and other members of the ELT, in accordance with the above process, took place during the reporting period.

Corporate Governance Statement 2025

Structure the Board to be effective and add value

Board composition, skills and diversity

As at the date of this statement, the Board comprises seven (7) Non-Executive Directors and the CEO.

During the reporting period, John Joyce and Mark Chung were appointed as Directors, and Michael Muller resigned as a Director.

The qualifications, skills and experience of each Director are set out on pages 14 to 15 of our 2025 Annual Report.

The Board aims to have Directors with the appropriate mix of skills, experience, expertise and diversity that are relevant to the Company's businesses and the Board's responsibility. The Board considers that the following skills and experience, as shown in the skills and experience matrix, are appropriately represented among its membership.

Skills and experience matrix

The skills and experience matrix set out below is based on the current Board composition.

Corporate Governance Statement 2025

Structure the Board to be effective and add value continued

Director independence

The Board requires a majority of its Directors to be independent. We recognise that having a majority of independent Directors helps to ensure that the decisions of the Board reflect the best interests of the Company and its shareholders generally and that those decisions are not biased towards the interests of management or any other group.

The Board considers a Director to be independent where they are a Non-Executive Director, free of any interest, position or relationship that might influence, or could reasonably be perceived to influence, their capacity to bring an independent judgement to bear on issues before the Board or to act in the best interests of the Company and its shareholders generally.

The Board Charter sets out the factors that will be taken into consideration in determining if a Director is independent.

The materiality of any relevant interest, position, association or relationship is determined on a case-by-case basis. The Board reviews the independence of each Director in light of information disclosed to the Board.

The Board considers Robert Hill AC (Chair), Arnoud De Meyer, Sarah Ryan, Nicola Wakefield Evans AM, and John Joyce to be independent Directors.

The Board does not consider the following Directors to be independent:

- Scott Wyatt, given his role as CEO; and
- Dat Duong and Mark Chung, given their positions as executives of Vitol entities. Vitol Investment Partnership Limited (VIPL) maintains a substantial interest in the Company of 29.48% as at 31 December 2025 held through VIP Energy Australia B.V. While the Board does not consider Dat Duong and Mark Chung to be independent, the Board does consider that they each bring objective and unbiased judgement to the Board's deliberations and extensive experience, and they make an invaluable contribution to Viva Energy through their understanding of its business and the industries in which it operates.

Given VIPL's substantial shareholding in the Company and the commercial relationship between Vitol and the Company, being the supply agreements currently in place, the Board has put in place a Related Party Protocol which sets out a framework for managing any actual or potential conflicts that may arise. See 'Role and composition of Board Committees' (above) for further information on the establishment of an IBC as a further measure to manage conflict matters that may arise in relation to the Gas Terminal Project.

Access to independent advice

The Board collectively, and each Director individually, has the right to seek independent professional advice, provided such advice is necessary for the Director to discharge their responsibilities as a Director of the Company, and subject to the approval of the Chair (or where the Director seeking such advice is the Chair, subject to the approval of the Chair of the Company's Audit and Risk Committee).

Minimum shareholding policy

The Board has adopted a policy requiring each independent Director to accumulate a minimum shareholding equivalent to 100% of their fixed annual fee within five years of the date of their appointment as a Director of the Company and to maintain such minimum shareholding for so long as they remain a Director.

Corporate Governance Statement 2025

Safeguard the integrity of corporate reports

Audit and Risk Committee

The Audit and Risk Committee assists the Board in overseeing the integrity of the Company's financial reporting. In this regard, the Committee's responsibilities include:

- reviewing the Company's financial statements and reports, including climate-related financial information contained in the annual sustainability report, and recommending such financial reports for consideration (and approval) by the Board;
- overseeing the Company's financial controls, systems and corporate reporting processes;
- overseeing the Company's engagement of, and the performance of, the external auditor and the external audit function, including managing the independence of the external auditor; and
- overseeing the Company's internal audit function.

The Audit and Risk Committee's Charter is available on our website at www.vivaenergy.com.au.

The membership of the Audit and Risk Committee collectively has the necessary technical, accounting and financial expertise, and all Committee members are financially literate and have a sufficient understanding of the Company's businesses and the industries in which it operates, for the purpose of discharging the role of the Committee effectively. See 'Role of Board' and 'Role and composition of the Board Committees' for details on Committee membership. All Committee members, during the reporting period and as at the date of this statement, are Non-Executive Directors, a majority of which the Board has assessed as being independent, including the Chair of the Committee. Further information on the experience of each Audit and Risk Committee member is detailed below.

The Audit and Risk Committee is chaired by Sarah Ryan. Sarah has over a decade of experience as a member of board Audit and Risk committees, especially in ASX20 and ASX50 companies active in energy and high-risk operational environments. Sarah also has extensive experience in financial analysis, having spent ten years as a financial analyst looking at companies in the energy and natural resources sector worldwide. She was an investment director and portfolio manager at Earnest Partners, a US-based investment management firm. Sarah also has several decades of management and executive experience in the energy industry, spending most of her career with Schlumberger in a variety of roles around the world, mostly line management, and then as Chief Operating Officer of an oilfield services company based out of the UK. Sarah brings significant experience in understanding and managing financial and operational risks to her role as Chair of the Audit and Risk Committee.

Dat Duong has extensive experience in financial analysis as the Head of Investments for Vitol in Asia Pacific and previously, as an Associate Partner at Leopard Capital, an investment fund focused on Asia's frontier and emerging markets. Dat also has significant international investment banking experience, including with Merrill Lynch in the Global Energy and Power Investment Banking Group in both Hong Kong and Canada, where he led multiple landmark downstream oil transactions. Dat is a holder of the right to use the Chartered Financial Analyst® designation.

Nicola Wakefield Evans has over 40 years' of commercial, strategy and corporate finance legal experience gained over an international career as a corporate finance lawyer, senior executive and non-executive director of a number of listed and non-listed companies with international businesses. She was a lawyer for 30 years (20 years as a partner) of King & Wood Mallesons, during which she also held a variety of senior management positions including International Managing Partner in Hong Kong and Managing Partner, Practice in Sydney.

Nicola's key areas of industry experience include resources and energy, infrastructure, financial services and technology.

Nicola brings extensive experience as a Board member of several ASX listed companies, including accounting and financial experience as a Chair of the Audit Committee and the Risk Committees of the Clean Energy Finance Corporation, Metlife Australia and the Goodes O'Loughlin Foundation. She brings sustainability and safety experience as the chair of the Sustainability Committee at Viva Energy and previous chair of the Safety and Sustainability Committees at Macquarie and Lendlease. Nicola is also a member of the Takeovers Panel and the Board of the UNSW Foundation, and serves as a member of the ASX Advisory Group on Corporate Governance.

John Joyce is a highly experienced retail executive and non-executive director with a track record of delivering outstanding results in senior management roles across a range of retailers including as Managing Director of ALDI Stores Australia and Chief Executive Officer of Rebel Group.

John brings over 35 years' experience in financial control, enterprise risk management and governance oversight gained through leading multi-site retail operations. John is currently the Chair of the Board of ASX-listed Dusk Group Limited where he also serves as a member of Dusk Group's Remuneration Committee. John is a non-executive director and Chair of Australian health and wellness retailer, Mr Vitamins.

CEO and CFO assurance

Before considering half year and full year financial reports for approval, the Board receives a written statement signed by the CEO and CFO affirming that the Company's financial reports give a true and fair view of the Company's financial position and its performance, and comply with relevant accounting standards. The statement also confirms that the statement is formed on the basis of a sound system of risk management and internal control and that the system is operating effectively.

External auditor

The Company has appointed PricewaterhouseCoopers (PwC) as its external auditor, in accordance with requirements in the *Corporations Act 2001* (Cth). PwC has served as the auditor of the Company since 2014. The audit was put out to tender in 2017 and PwC was retained as the auditor. In 2022, Trevor Johnston was introduced as the lead audit partner, following the 5 yearly rotation of lead audit partners.

As part of our ongoing assessment of the external auditor, a comprehensive review of PwC will be conducted every 5 years.

PwC's lead audit partner was available at the 2025 Annual General Meeting (AGM) to answer questions relevant to the external audit of the Company's 2024 financial statements.

PwC attends each Audit and Risk Committee meeting and regularly meets with the Committee without management present.

Verification of unaudited periodic corporate reports

Where periodic corporate reports are not audited or reviewed by external auditors, the Company applies a thorough verification process before the report is released to the market to ensure the integrity of the information contained within. Reports are prepared by, or under the supervision of, subject matter experts. Each material statement is then verified for accuracy, completeness and that it does not mislead. The report is approved for release by the Disclosure Committee or the Board as appropriate.

Make timely and balanced disclosure

The Board has appointed a Disclosure Committee and adopted a Disclosure Policy, which sets out the process and responsibilities that support the Company's compliance with its continuous disclosure obligations.

The Disclosure Policy covers, among other things, the following:

- the responsibilities of the Disclosure Committee and the internal reporting obligations to support the disclosure process;
- the responsibilities of the Company Secretary in relation to the disclosure process;
- the process in relation to seeking trading halts;
- the requirement to release briefings and presentation materials before a briefing with external parties commences; and
- the process for external communications to ensure, among other things, that information that requires disclosure is first disclosed to the ASX before being communicated to external parties.

The Board is provided with copies of all announcements made by the Company under its continuous disclosure obligations. In accordance with the Disclosure Policy, the Board undertakes an annual review of the Company's disclosure systems and process and this review was completed for 2025.

All announcements released to the ASX are published on our website www.vivaenergy.com.au.

The Disclosure Policy is available on our website at www.vivaenergy.com.au.

Corporate Governance Statement 2025

Respect the rights of shareholders

Shareholder engagement

We place high importance on engagement with shareholders through transparent and timely communication about the Company's business, strategy and performance.

Our management team leads an active investor relations program comprising results briefings, presentations at forums, analyst and investor meetings, site visits and other communication channels, such as webcasting and social media. Shareholders can contact us at any time through the investor relations team. Through a multi-faceted approach, a wide range of investors and shareholders can ask questions and give feedback.

We hold a teleconference after the release of each of our half year and full year results, which allows all shareholders to participate and provides a forum for investors to ask questions of management. All announcements provided to ASX, including financial reports, presentations, notices of meetings and other releases, are published on our website.

We also facilitate engagement through the Viva Energy Board and the AGM. The Board has adopted a Shareholder Communication Policy to promote effective communication with shareholders and other stakeholders, to encourage and facilitate participation at the Company's general meetings and to deal promptly with the enquiries of shareholders and other stakeholders. In line with the policy, our Board Chair holds periodic meetings with investors and proxy advisers and the Board receives regular updates on the investor relations program and feedback from investors. The Shareholder Communication Policy is available on our website at www.vivaenergy.com.au.

We encourage shareholders to participate in the AGM, which in 2025 was held in hybrid format. Shareholders who cannot attend the AGM are encouraged to exercise their vote either directly or through proxy and to submit questions ahead of the meeting. All resolutions put to the AGM are decided by way of a poll.

Electronic communications

We provide our shareholders with the option of receiving communications from the Company electronically.

Shareholders who receive communications by post can log in at <https://au.investorcentre.mpms.mufig.com/Login/Login> to elect to receive communications electronically.

Corporate Governance Statement 2025

Recognise and manage risk

The Board considers risk management fundamental to the success of the Company and takes ultimate responsibility for its oversight and stewardship. The Board is committed to the establishment of a sound system of risk oversight, management and internal control.

We have adopted an Enterprise Risk Management (ERM) Framework supported by appropriate risk management policies and procedures, designed to identify, assess, monitor and manage risk and, where appropriate, keep relevant stakeholders informed of material changes to the Company's risk profile.

The overriding purpose of the ERM Framework is to ensure that:

- (a) appropriate systems are in place to identify material risks that may impact on the Company's business;
- (b) the financial impact of risks is understood, and appropriate internal control systems are in place to limit the Company's exposure to such risks;
- (c) appropriate responsibility is delegated to control the identified risks effectively; and
- (d) the risk appetite of the Company is articulated.

During the reporting period, the Board reviewed and approved amendments to our ERM Framework made to align with updates that were made to the Group and Retail Risk Registers during 2025.

The Board is satisfied that the ERM Framework and associated policies remain relevant to the current needs of the Company and the Board.

Risk management framework

The Board is responsible for satisfying itself annually, or more frequently as required, that management has developed and implemented an effective risk management framework. Detailed work on this task is delegated to the Audit and Risk Committee and reviewed by the Board.

This review took place in 2025. The Audit and Risk Committee assists the Board in overseeing the Company's risk profile and is responsible for overseeing management's action in the identification, management and reporting of material business risks. The Board also receives regular reports through the Audit and Risk Committee and the Sustainability Committee to satisfy itself that the Company is operating with due regard to the risk appetite set by the Board.

The Company articulates its tolerance levels for risk that it is prepared to accept in the execution of its strategic and business objectives. Management regularly demonstrates to the Board that the Company is operating with due regard to the risk appetite.

Internal audit

The role of the internal audit function is to support the Company to accomplish its objectives, by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes within the organisation.

The internal audit function reports to the Audit and Risk Committee and to the Chief Financial Officer. The Company's internal audit function is independent of the external audit function, has access to the Audit and Risk Committee and also has access to the Company's executives and employees.

Exposure to environmental and social risks

We monitor exposure to risks to the business including economic, social, governance and environmental sustainability risks. The Company's exposure to material business risks and a summary of how these risks are managed is set out in the Directors' Report – Operating and Financial Review within the 2025 Annual Report.

The Company's exposure to climate-related, environmental and social risks are set out in the Sustainability Report within the 2025 Annual Report.

Remunerate fairly and responsibly

The Remuneration and Nomination Committee is responsible for assisting the Board in determining the Company's remuneration policy and its application to the CEO, senior executives and Directors.

See 'Role of Board' and 'Role and composition of the Board Committees' for details on Committee membership. All Committee members, during the reporting period and as at the date of this statement, are Non-Executive Directors, a majority of which the Board has assessed as being independent, including the Chair of the Committee.

Our approach to remuneration, including the quantum of the Director fees and the 2025 remuneration outcomes for the executive KMP, is set out in our Remuneration Report, which forms part of our 2025 Annual Report.
