

Gore Bay Terminal Newsletter

WELCOME TO OUR LATEST COMMUNITY NEWSLETTER AND HERE'S AN OVERVIEW OF ACTIVITIES OVER THE LAST SIX MONTHS.

We are always keen to receive your feedback so please refer to our Contact Us section if you'd like to speak with us or suggest a topic for the newsletter. You can also find out more on our website at www.vivaenergy.com.au/about-us/terminals-shipping/gore-bay

Meetings with GCA & SafeWork NSW

Since June 2017, Viva Energy has actively participated in five meetings facilitated by SafeWork NSW with the Greenwich Community Association (GCA) and other regulators and agencies.

The intention of these meetings is to directly address matters raised by the GCA in relation to the Gore Bay facility with relevant representatives and subject matter experts.

We have had tremendous support during the course of these meetings with a variety of regulators and agencies attending including Fire & Rescue NSW, NSW Police, Port Authority, Lane Cove Council, NSW Department of Health, NSW EPA and SafeWork NSW. We have also had attending the meeting various subject matter experts from Viva Energy.

The topics covered include safety, emergency management, emissions and health, asset integrity, shipping and operations. Minutes from these meetings are available on Lane Cove Council's website www.lanecove.nsw.gov.au/YourCouncil/RelatedAgencies/Pages/GoreBayTerminal.aspx

What's that Sound?

The Gore Bay Terminal alarm is tested every Tuesday at 8.30am.

This alarm is part of the Terminal's safety system and is intended for on-site personnel only.

There is no need to take action if the alarm is sounded. In the unlikely event that an incident occurs and action needs to be taken, Fire & Rescue NSW would direct the community.

If you have any concerns regarding our operations, please call 8437 1238 immediately so that we can investigate and take appropriate action if required.

Newly branded Viva Energy Aviation hydrant cart

Viva Energy Aviation

Our aviation business has been busy over the last few months with some exciting changes. As of June 2018, we have started to operate our Aviation business fully under our own brand – Viva Energy.

The largest change you will notice across the country, including at Sydney Airport is the branding changed to Viva Energy (from Shell).

Next time you are boarding a flight, look out for our newly rebranded vehicles (hydrant cars and tankers) and our Viva Energy refuellers.

We are excited about this and are committed to safe and reliable supply of aviation fuels to our customers. Viva Energy supplies up to 50 per cent of Sydney airport's fuel requirements.

Good Deeds Week

From 9 to 15 April, more than 850 Viva Energy employees across Australia donated over 1,000 hours to participate in 1,054 good deeds.

In one week alone, we raised almost \$10,000 for a range of community organisations.

The highlights of our Good Deeds week volunteering activities are showcased in this short video www.youtube.com/watch?v=KP4_lkO-tSc&feature=youtu.be

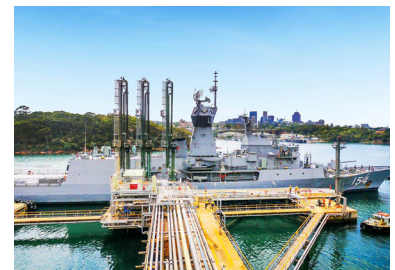

More information on Viva Energy's Community program can be found at www.vivaenergy.com.au/about-us/community-program

Supporting Local Role Models

Each year we invite registered education facilities or not-for-profit organisations to apply for grants totalling up to \$5,000. Applications for grants must be for projects which address either mental illness, substance misuse or breaking the poverty cycle through education.

If someone in your organisation needs support to continue their good work, they can apply at www.vivaenergy.com.au/about-us/community-program#cp-ourpeople

Applications open on 31 July 2018.

Refuelling of HMAS Parramatta at Gore Cove.

Refuelling of Navy Vessel

Viva Energy is proud to have successfully refuelled the Royal Australian Navy ship, HMAS Parramatta, at our Gore Bay Terminal in March. The refuelling marked another significant milestone in our strategic partnership with the Australian Defence Force.
