If the vessel arrives earlier than the expected date of arrival notified pursuant to the provisions above, Viva Energy shall exercise reasonable efforts to supply the vessel upon request but shall not be bound to do so until the expected date of arrival.
- 2.4 Where a Nomination gives notice of a requirement by a vessel for delivery in a Delivery Port of grades of lubricants that Viva Energy cannot supply in that Delivery Port from duty-free stocks, Viva Energy may advise the Customer accordingly (which option must be exercised within a reasonable time) and upon such advice the Customer may revise the Nomination. If the Customer does not promptly revise the Nomination the Customer shall be deemed to have requested to be supplied the grades in question from duty paid stocks and the provisions of clause 4(c) below shall apply.

3. Fuels Nomination Procedure

The nomination procedure for fuels will be the procedure as notified by Viva Energy to the Customer.

4. Additional Charges

In addition to the prices payable for Goods, the Customer must pay the following charges:

- a. any expenses incurred as a result of the Master of the vessel or site operator rejecting the whole or any part of the delivery under a Commitment;
- b. any mooring or unmooring charges or port dues which may be incurred by Viva Energy in connection with any vessel to which Goods are delivered hereunder;

- f. The Customer acknowledges that it is the sole responsibility of the Customer or the Customer's nominated representative to notify Viva Energy of any estimated time of arrival deviations associated with the delivery of the Goods. Any changes to the supply of Goods resulting from a deviation, which was not notified, will incur extra cost to the Customer, and the Customer shall indemnify Viva Energy for and against all costs incurred by Viva Energy as a result of the failure to notify Viva Energy of the deviation in the estimated time of arrival.

 - a. The Customer agrees that, if a Pollution Event occurs before, during or after delivery of the Goods, Viva Energy may at its sole discretion take reasonable steps to control and terminate the Pollution Event, contain and remove the escaped Goods and clean the affected area. The Customer must afford Viva Energy its reasonable co-operation in implementing steps under this clause. If the Pollution Event is caused by an act or omission of the Customer, its servants or agents (other than Viva Energy), the Customer must indemnify Viva Energy for the cost of any steps taken under this clause. In this clause, "Pollution Event" means any occurrence as a result of which the Goods escaped onto or into land or water.

- 6.8 The Customer acknowledges that approval must be obtained from Viva Energy prior to deliveries into a vessel's cargo hull. Approval can only be granted after Viva Energy or its agent has conducted an inspection. Viva Energy, or its agents, will conduct such inspection using the Viva Energy Ship Quality Assurance Standards as amended from time to time. Viva Energy has the right not to deliver Goods to the Customer pursuant to a Commitment if such approval has not been obtained.
- 6.9 The Customer acknowledges that it is the sole responsibility of the Customer to ensure that the Delivery Port is suitable for road tanker deliveries and to notify Viva Energy of any special conditions applying at the Delivery Port in relation to road tanker deliveries. - 8.3 Any dispute as to quantity or quality of Goods delivered under a Commitment shall, save for in instances of manifest error or fraud, be determined finally and conclusively by an expert appointed jointly by the Customer and Viva Energy or, if they cannot agree to such an appointment, then an expert appointed by the President for the time being of the Institute of Petroleum in Australia.
