

Technical Data Sheet

AMCOH

Cutback Bitumen Primer

Description

AMCOH is a specially formulated cutback bitumen primer designed for efficient spraying and good adhesion to prepared bases and stone. AMCOH is formulated using Viva Bitumen high flash cutter and is not classified as dangerous good.

Applications

AMCOH is designed for application on low porosity surfaces to facilitate optimum penetration of the primer into the substrate. Suitable application rates range from 0.5 to 1.0 L/m².

Application Temperature	35 to 55 degrees C
Short Term Maximum Temperature	60 °C
Long Term Storage Temperature	Ambient
Maximum Safe Temperature	80 °C

Health & Safety

AMCOH is unlikely to present any significant health or safety hazard when properly used in the recommended application where good standards of industrial practice are maintained.

Further guidance on Product Health and Safety is available on the relevant Safety Data Sheet

Specifications/approvals	
AS 2157	Priming Class AMCO

Typical characteristics

Description	Units	Methods	Typical
Viscosity at 60° C	Pa.s	AS 2341.2	0.025 to 0.05
Flashpoint	degrees C	AS 2341.16	> 61.5
Residue from distillation to 360° C, volume by difference	%	AS 2341.15	50
